#### **2.0 DIVIDEND & GENERAL RESERVE:**

The Board of Directors does not recommend any dividend for the FY 2022-23 and no amount has been transferred to General Reserve for the FY 2022-23.

### 3.0 DETAILED PROJECT REPORT (DPR):

a) The salient indices of the project are as follows:

- Capacity: 60,000 TPA
- Project Completion: 36 Months
- Manpower: Direct 380 people; Contract: 57 people
- Land: 110 acres (land acquired at Nellore, AP)
- Project Cost (Gross): Rs.4,542 Crore (approx.)
- Debt : Equity ratio – 70:30, JV partner Equity – 50: 50
- Estimated revenues (3<sup>rd</sup> yr. onwards): Rs.2,000 crore

b) Market demand forecast for total Aluminium FRPs is about 1.34 million TPA, inclusive of the demand forecast for high end Aluminium Alloy FRP of about 252K TPA by 2026-27. The details of Aluminium Flat Rolled Product (FRP) demand-supply gap is as under:

Year	2021-22	2026-27
Domestic demand ['000 TPA]	940.55	1339.50
Domestic Supply ['000 TPA]	696.81	998.86
Deficit ['000 TPA]	243.74	340.64

c) Proposed JV Company targets only 60,000 TPA that constitutes around 5% of the demand for Aluminium FRP in various sectors like Automotive, Railways, Defence & Aerospace machinery & equipment & other industrial sectors. This facility can also substitute imports. The sector wise market opportunity for Aluminium Alloy FRP is as under:

Sector	2021-22 (Forecast tons per annum)	2026-27 (Forecast tons per annum)	JV Co. Estimates by 2026-27 (tons per annum)	JV Co. Market Share

d) As DPR was prepared in 2018, the Board in its 14th Board meeting held on 10.05.2022 advised to float a tender for engaging market research firm to carry out the detailed market research to understand the latest requirement and potential business opportunities with updated & latest data from the market. Accordingly, the tender floated was issued on 29.06.2022. The consultant have submitted the draft report is April 2023. Based on the report, Market for Aluminum alloy flat rolled products usage for Defence, Aerospace and Transportation sector is found to be limited and forecast until 2047

indicates slow growth rate, as such Indian market is at nascent stage. Major market demand was visible in transportation sector during preparation of DPR in 2018-19, however no growth is visible in this sector. The Board in its 18<sup>th</sup> meeting, advised to do financial viability of the project exploring all feasibilities.

- e) 110 acres of land has been allotted to your Company at Industrial Park (IP), Bodduripalem in at Nellore District, Andhra Pradesh (which was earlier allotted to MIDHANI) by Andhra Pradesh Industrial Infrastructure Corporation (APIIC). The activities like land survey, soil testing, construction of boundary wall have been completed and security is deployed at the plant site.
- f) With a sales price consideration based on 20% markup on the cost of production, the proposed project with targeted capacity of 60K TPAs is commercially viable with IRR: 16.08% (post-tax), PB: 7.4 yrs. and NPV: Rs. 368.37 crore. Interest is considered on the long term loan at 11.45%.
- g) Further, JV project is reviewed and evaluated considering the resource requirement for future expansion to 120K TPA from 60K TPA. It is found that additional CAPEX of about Rs.1,625 crore will be required to double the production capacity from 60K TPA and financials are likely to improve to IRR: 19.79% (post- tax), PB: 5.7 years & NPV: Rs.1,557.30 crore.
- h) The following technological facilities are envisaged:
  - (i) Raw material storage and handling
  - (ii) Melting and alloy making facility
  - (iii) Vertical direct chill casting
  - (iv) Homogenising, slab scalping and sawing
  - (v) Hot and cold rolling facilities
  - (vi) Thermal treatment facilities
  - (vii) Other auxiliary facilities

# Independent Auditors' Report

### *Independent Auditor's Report*

To the Members of **UTKARSHA ALUMINIUM DHATU NIGAM LIMITED**

#### **Report on the Audit of the Standalone Financial Statements**

##### Opinion

We have audited the financial statements of UTKARSHA ALUMINIUM DHATU NIGAM LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2023, and the statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, its profit and its cash flows for the year ended on that date.

##### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements.

#### Report on Other Legal and Regulatory Requirements

## ***Report on Internal Financial Controls Over Financial Reporting***

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of UTKARSHA ALUMINIUM DHATU NIGAM LIMITED ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF UTKARSHA ALUMINIUM DHATU NIGAM LIMITED, HYDERABAD FOR THE YEAR ENDED 31 MARCH 2023**

The preparation of financial statements of **Utkarsha Aluminium Dhatu Nigam Limited, Hyderabad** for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 18 May 2023.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of **Utkarsha Aluminium Dhatu Nigam Limited, Hyderabad** for the year ended 31 March 2023 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditor and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit, nothing significant has come to my knowledge which would give rise to any comment upon or supplement to the statutory auditors' report under section 143(6)(b) of the Act.

## SIGNIFICANT ACCOUNTING POLICIES

### 1. GENERAL INFORMATION

Utkarsha Aluminium Dhatu Nigam Limited ("the Company") is a Joint Venture Company formed by NALCO (A Government of India Enterprise) and MIDHANI (A Government of India Enterprise) and is engaged in the business of manufacturing of high end aluminium alloys. The Company has its temporary registered office in the premises of MIDHANI at 'PO Kanchanbagh, Hyderabad, 500058.

### 2. SIGNIFICANT ACCOUNTING POLICIES

#### 2.1 Basis of preparation

##### i. Statement of compliance

The financial statements are prepared and presented in accordance with Indian Accounting Standards (Ind AS) [as notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015], to the extent applicable, the provisions of the Companies Act, 2013 and these have been consistently applied.

##### ii. Functional and presentation currency

The standalone financial statements are presented in Indian rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the entity operates. All financial information presented in Indian rupees has been rounded to the nearest lakhs except share and per share data.

##### iii. Use of estimates and judgment

The preparation of financial statements in conformity with Ind AS require estimates and assumptions to be made that affect the application of accounting policies and reported amounts of assets and liabilities, and the reported amounts of revenues and expenses during the reporting period. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised.

#### 2.2 Summary of significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these standalone financial statements, unless otherwise stated.

#### 2.3 Revenue recognition

Revenue is recognized when significant risks and rewards of ownership and effective control on goods have been transferred to the buyer. Revenue from the sale of manufactured goods is recognized upfront at the point in time when the goods are delivered to the customer. The supply of semi-finished products may include supply of third-party equipment or material. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the company is acting as the principal or as an agent of the customer. The company recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, liquidated damages, performance bonuses and incentives, if any, as specified in the contract with the customer.

Sales revenue is measured at fair value net of returns, trade discounts and volume rebates. Revenue is recognized when persuasive evidence exists, usually in the form of an executed sales agreement, that the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably. The appropriate timing for transfer of risks and rewards varies depending on the individual terms and conditions of the sales contract.

In case of Ex-works contract, revenue is recognized when the goods are handed over to the carrier/agent for dispatch to the buyer and wherever customer's prior inspection is stipulated; revenue is recognized upon acceptance by customer's inspector.

In case of sales on FOR/FOB destination contracts, revenue is recognized considering the expected time in respect of dispatches to reach the destination within the accounting period, subject to adjustments based on actual receipt of material at destination.

Claims for additional revenue in respect of sales contracts/orders against outside agencies are accounted on certainty of realization.

Revenue on rendering of service: Revenue is recognized when the outcome of the services rendered can be estimated reliably. Revenue is recognized in the period when the service is performed by reference to the contract stage of completion on the reporting date.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognized when there is a billing in excess of revenues.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for.

**Use of significant judgments in revenue recognition:**

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identify distinct performance obligations in the contract. Identification of distinct performance obligation involves judgment to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgment is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company uses judgment to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Company uses the expected cost plus margin approach to allocate the transaction price to each distinct performance obligation.

The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software license costs which meet the criteria for capitalization. The assessment of this criterion requires the application of judgment, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

#### **2.4 Foreign currencies**

Foreign currency monetary items are recorded in the Functional Currency at the closing rate of the reporting period. Nonmonetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

Exchange differences arising on account of settlement / conversion of foreign currency monetary items are recognized as expense or income in the period in which they arise.

Foreign currency gains and losses are reported on a net basis. This includes changes in the fair value of foreign exchange derivative instruments, which are accounted at fair value through statement of profit and loss.

## 2.5 Employee benefits

### i. **Compensated Absence**

The Company accounts for its liability towards compensated absences based on actuarial valuation done as at the balance sheet date by an independent actuary using the Projected Unit Credit Method. The liability includes the long term component accounted on a discounted basis and the short term component which is accounted for on an undiscounted basis.

### ii. **Other Employee Benefits**

Other employee benefits are estimated and accounted for based on the terms of the employment contract.

## 2.6 Property, plant and equipment

Land is capitalized at cost to the Company. Development of land such as levelling, clearing and grading is capitalized along with the cost of building in proportion to the land utilized for construction of building and rest of the development expenditure is capitalized along with the cost of land. Development expenditure incurred for the purpose of landscaping or for any other purpose not connected with construction of any building is treated as cost of land.

All other items of Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. The company opted to adopt the previous GAAP value as the 'deemed cost' for the purposes of preparation of opening balance sheet as at 01 April 2015.

The cost of property, plant and equipment includes expenditures arising directly from the construction or acquisition of the asset, any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and, when the Company has an obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

The cost of replacing a part of an item is recognized in the carrying amount of the item of property, plant and equipment, if the following recognition criteria are met:

- a) It is probable that future economic benefits associated with the item will flow to the Company and;
- b) The cost can be measured reliably.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. Useful lives of the significant components are estimated by the internal technical experts.

The carrying amount of the replaced part is de-recognized at the time the replacement part is recognized. The gain or loss arising from the de-recognition of an item of property, plant and equipment is included in statement of profit and loss when the item is de-recognized. The costs of the day-to-day servicing of the item are recognized in statement of profit and loss as incurred.

The present value of expected cost for the dismantling and restoration are included in the cost of respective assets if recognizing criteria for provision are met.

Pending disposal, unserviceable fixed assets are removed from the Fixed Assets Register and shown under "Other Current Assets" as a separate line item at the lower of their net book value and net realizable value. As and when the disposal of such assets takes place, the difference between the carrying amount and the amount actually realized will be recognized as Loss / Profit from sale of Fixed Assets.

Advance paid towards the acquisition of property, plant and equipment, outstanding at each balance sheet date is classified as capital advance under "Other non-current assets" and the cost of assets not put to use before such date are disclosed under 'capital work-in-progress'.

Customer funded assets: As per the guidance of Appendix C of erstwhile Ind AS 18 "Transfer of Assets from Customers" are recognized as an item of property, plant and equipment in accordance with Ind AS 16 in the books of accounts and depreciation is charged accordingly.

As per para 8 of Ind AS 16, items such as spare parts, stand-by equipment and servicing equipment are recognised in accordance with this Ind AS when they meet the definition of property, plant and equipment and are expected to be used for more than one accounting year. Otherwise, such items are classified as inventory.

#### **Depreciation**

Depreciation is calculated using the straight line method to allocate their cost, net of residual values, over the estimated useful life. The useful lives have been determined to be equal to those prescribed in Schedule II to the Companies Act, 2013. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. Assets whose actual cost does not exceed ` 5000/-, depreciation is provided at the rate of hundred percent in the year of capitalization.

#### **Disposal**

Gain and losses on disposal are determined by comparing net sale proceeds with carrying amount. These are included in statement of profit and loss.

### **2.7 Intangible assets**

#### **i. Intangible assets acquired separately**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. For transition to Ind AS, the Company has elected to continue with the carrying value of all its intangible assets recognized as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

- ii. **De-recognition of intangible assets**  
An intangible asset is de-recognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in statement of profit and loss when the asset is de-recognized.
- iii. **Useful lives of intangible assets**  
Amortization is calculated using the straight line method to allocate their cost, net of residual values, over the estimated useful life. The useful lives have been determined in accordance with guidance provided at Schedule II to the Companies Act, 2013. The assets useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.
- iii. **Useful lives of Intangible assets**  
Amortization is calculated using the straight line method to allocate their cost, net of residual values, over the estimated useful life.  
The useful lives have been determined in accordance with guidance provided at Schedule II to the Companies Act, 2013.

## 2.8 Inventories

Inventories are valued on the following basis:

- i. **Raw materials, consumables, spares and Tools and Instruments in Central Stores**  
At weighted average cost
- ii. **Raw materials in Shop floor/ Sub-stores in the shops**  
At weighted average rate of Central Stores, at the end of the year
- iii. **Consumables in Shop floor/Sub-stores**  
All consumables drawn from the Central Stores are charged off to expense. Only in respect of 'A' and 'B' class consumables identified by Management from time to time, the stock at the Shop floor/Shop sub-stores are brought to inventory at the close of the year at the weighted average rate. However, moulds, rolls, dies etc., in use at the close of the year, are valued at issue rates with reference to the balance life, technically estimated.
- iv. **Re-usable process scrap, process rejections and sales rejections with customers for return**  
At estimated realizable value for scrap.
- v. **Tools and Gauges**  
Issued tools, instruments, gauges etc. are amortized uniformly over their estimated life.
- vi. **Work-in-process**  
At cost or estimated realizable value appropriate to the stage of production based on technical evaluation, whichever is less. However, the WIP of 5 years old and above is valued at the realizable scrap rate.
- vii. **Finished Goods**  
At cost or net realizable value (at shop finished stage) whichever is less. However, the Finished Goods of 5 years old and above is valued at the realizable scrap rate.

- viii. Goods in transit are valued at cost.
- ix. Stores declared surplus / unserviceable are transferred to salvage stores for disposal, and charged to revenue.
- x. Provision for the non-moving raw materials, consumables and spares for over three years is made as under:
  - Raw materials: 85% of the book value
  - Consumables and Spares (which do not meet definition of PPE): 50% of the book value
- xi. Stationery, uniforms, medical and canteen stores are charged off to revenue at the time of receipt.

## **2.9 Investments in associates and joint ventures**

An associate is an entity over which the company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Investments in associate and joint ventures are measured at cost in accordance with Ind AS 109- Financial Instruments.

Investment in associate and joint ventures are subject to impairment wherever there is indication of negative reserve in the accounts of JV Companies. However, such impairment is limited to the value of investment.

## **2.10 Income tax**

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

- i. **Current income tax**

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

- ii. **Deferred income tax** Deferred income tax is recognized using the balance sheet approach. Deferred income tax asset is recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred income tax liabilities are recognized for all taxable temporary differences.

## **2.11 Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation taking into account the risks and uncertainties surrounding the obligation.

A provision for onerous contracts is recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before such provision is made, the Company recognizes any impairment loss on the assets associated with that contract.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimates. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

## **2.12 Financial instruments**

- i. **Financial assets** The Company initially recognizes loans and receivables and deposits on the date that they are originated. All other financial assets are recognized initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument.
- ii. The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.
- iii. A financial asset shall be measured at amortized cost if both of the following conditions are met:
  - the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
  - the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

The Company's financial assets include security deposits, cash and cash equivalents, trade receivables and eligible current and noncurrent assets.

Cash and cash equivalents comprise cash balances and term deposits with original maturities of one year or less. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

**iii. Financial liabilities**

The Company initially recognizes debt securities issued and subordinated liabilities on the date that they are originated. All other financial liabilities are recognized initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument.

The Company de-recognizes a financial liability when its contractual obligations are discharged or cancelled or expired.

The Company has the following financial liabilities: loans and borrowings and trade and other payables.

Such financial liabilities are recognized initially at fair value through profit or loss and stated net off transaction cost that are directly attributable to them. Subsequent to initial recognition these financial liabilities are measured at amortized cost using the effective interest method.

**2.13 Impairment**

**i. Financial assets**

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, or the disappearance of an active market for a security.

ii. **Non-financial assets**

At the end of each reporting period, the Company reviews the carrying amount of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of the fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

**2.14 Borrowing costs**

Borrowing costs incurred for obtaining assets which takes substantial period to get ready for their intended use are capitalized to the respective assets wherever the costs are directly attributable to such assets and in other cases by applying weighted average cost of borrowings to the expenditure on such assets. Other borrowing costs are treated as expense for the year.

Transaction costs in respect of long-term borrowings are amortized over the tenure of respective loans using effective interest method.

**2.15 Finance income and costs**

Finance income comprises interest income on funds invested. Interest income is recognized as it accrues in the statement of profit and loss, using the effective interest method.

Finance costs comprise interest expense on borrowings, unwinding of the discount on provisions, impairment losses recognized on financial assets. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognized in the statement of profit and loss using the effective interest method.

**2.16 Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

### **2.17 Segment reporting**

Operating segments are identified in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Company is in the business of manufacturing of super alloys and other special metals. Considering the core activities of the Company, management is of the view that the Company operates a single business segment. Further, the Company is yet to start production. Therefore, there is no other reportable segment.

### **2.18 Claims by / against the Company:**

Claims on underwriters/carriers towards loss / damage are accounted when monetary claims are preferred.

Claims for refund of customs duty including project imports/port trust charge/excise duty are accounted on acceptance/receipt.

Liquidated Damages on suppliers are accounted on recovery.

Liquidated damages levied by the customers are netted-off from revenue on recovery/ advice by the customers. A provision is created for the likely claims of Liquidated Damages for shipments made where a reliable estimation can be made.

Disputed/Time barred debts from Govt. Depts. & PSUs are not treated as Doubtful Debts. However, on a review appropriate provisions/write offs are made in the books of accounts on a case to case basis.

Provision for Doubtful Debts is made on the amounts due from other than Govt. Depts. & 132 MISHRA DHATU NIGAM LIMITED PSUs using expected credit loss provisional matrix.

Provision for Contingencies & Warranty to take care of rejected / returned material by customers is provided at an average of percentages of rejections over turnover related to manufactured products for the previous 5 years.

### **2.19 Research and development expenses:**

Research expenditure is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalized. Tangible assets used in research and development are capitalized.

Expenditure incurred towards other development activity where the research results or other knowledge is applied for developing new or improved products or processes, are recognised as an Intangible Asset if the recognition criteria specified in Ind AS 38 are met and when the product or process developed is expected to be technically and commercially usable, the company has sufficient resources to complete development and subsequently use or sell the intangible asset, and the product or process is likely to generate future economic benefits.

### **2.20 Physical verification of Fixed Assets and Inventory**

Fixed Assets under the heads Land & Development, Roads & Bridges, Drainage, Sewerage and water system and Buildings & Internal Services are verified once in 3 years. All other Fixed Assets are verified once in the Financial Year.

Inventories of work-in-process, finished goods, raw materials and consumables in the Company premises are verified at the end of the financial year.

Inventories of raw materials, stores and spares in the Central Stores are verified on perpetual basis as per norms fixed from time to time and reconciled. Provisional adjustments are made to revenue, in respect of discrepancies pending reconciliation.

#### **2.21 Cash Flow Statement**

Cash flow statement has been prepared in accordance with the indirect method prescribed in Ind AS 7- Statement of Cash Flows.

#### **2.22 New standards and interpretations not yet effective**

A number of new standards, amendments to standards and interpretations are not yet effective as on the reporting date, and have not been applied in preparing these financial statements. The effect of the same is being evaluated by the Company.

#### **2.23 Government Grants**

- i. Grants from the Government are recognized at their fair value where there is reasonable assurance that grant will be received and the Company will comply with all attached conditions.
- ii. Government grants relating to income are deferred and recognized in the profit and loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income. Alternatively, they are deducted in reporting the related expense.
- iii. Grants related to non-depreciable assets may also require the fulfilment of certain obligations and would then be recognized in profit or loss over the periods that bear the cost of meeting the obligations.
- iv. Government Grants received either as subsidy or otherwise for acquisition of depreciable assets are accounted as deferred income. If the grant/subsidy is absolute, amount corresponding to the depreciation is treated as income over the life of the asset. If the grant/subsidy is attached with any conditions, such as repayment, income is accounted as per the terms of the grant/subsidy.
